

What can I get?

Student Finance Fact Sheet (FS02)

While you're at university or college you'll have two main costs – your tuition fees and your living costs. The main types of financial help available are grants and bursaries (which don't have to be paid back) and loans (which do). There is also extra help for students in special circumstances such as disabled students and students with children or adult dependants.

Help with tuition fees

Tuition Fee Loan	
What is it for?	Your university or college can charge you up to £3,375 a year for tuition fees and this loan helps cover that cost.
How much can I get?	You can get the amount your university or college charges you, up to £3,375.
Do I have to pay it back?	Yes, but not until you have left your course and are earning £15,000 or more a year.
Anything else?	<p>The amount you're charged can vary between different universities and colleges and also different courses at the same university.</p> <p>If you decide to apply for help with your tuition fees, check with your university or college direct to confirm the amount you will be charged to make sure you ask for the right amount when you apply.</p> <p>Fees are likely to increase by the rate of inflation in future years of your course.</p> <p>We pay your Tuition Fee Loan direct to the university or college on your behalf.</p>

Help with living costs

Maintenance Grant									
What is it for?	This is to help with your living costs throughout the academic year (for example, food, books, travel and other expenses).								
How much can I get?	<p>You can get up to £2,906 depending on your household income. The table below is a rough guide to how much you could get.</p> <table border="1"><thead><tr><th>Household income</th><th>How much?</th></tr></thead><tbody><tr><td>£25,000 or less</td><td>Maximum £2,906 grant</td></tr><tr><td>Between £25,001 and £50,020</td><td>Partial grant, depending on your household income</td></tr><tr><td>More than £50,020</td><td>No grant</td></tr></tbody></table> <p>The amount of Maintenance Grant you receive will affect the amount of Maintenance Loan you can borrow. We will reduce the amount of Maintenance Loan you can receive by £0.50 for every £1 of Maintenance Grant you are entitled to.</p>	Household income	How much?	£25,000 or less	Maximum £2,906 grant	Between £25,001 and £50,020	Partial grant, depending on your household income	More than £50,020	No grant

Anything else?	<p>We usually pay the Maintenance Grant in three instalments, one at the start of each term, along with any Maintenance Loan.</p> <p>You can find out more about how your household income affects your entitlement in the booklet 'How You are Assessed and Paid' which is available on our website.</p>								

Special Support Grant

The Special Support Grant replaces the Maintenance Grant for people who, as a full-time student, can claim income-related benefits. You cannot receive both a Maintenance Grant and a Special Support Grant.

What is it for?	<p>The grant should help with extra course-related costs such as books, equipment, travel, or childcare.</p> <p>You could be eligible for a Special Support Grant if you:</p> <ul style="list-style-type: none">• are a lone (single) parent;• have a partner who is also a student and one or both of you are responsible for a child or young person under 20 who is in full-time education below higher education level;• have a disability and qualify for the Disability Premium or Severe Disability Premium;• are deaf and qualify for Disabled Students' Allowances;• have been treated as incapable of work for at least 28 weeks;• have a disability and qualify for income-related Employment and Support Allowance;• are from abroad and are entitled to an Income Support Urgent Cases Payment because you are temporarily without any money for up to six weeks;• are waiting to go back to a course having taken agreed time out from that course due to an illness or caring responsibility that has now ended; or• are aged 60 or older.
How much can I get?	You can get up to £2,906 depending on your household income.
Do I have to pay it back?	No.
Anything else?	<p>If you are entitled to receive a Special Support Grant, you will not be able to receive a Maintenance Grant as well.</p> <p>We work out entitlement to the Special Support Grant in the same way as the Maintenance Grant. However, it will not affect the amount of Maintenance Loan you may be entitled to receive.</p> <p>If you claim income-related benefits, Jobcentre Plus will not take account of the Special Support Grant, nor will your local authority's Housing Benefit section when working out your income.</p> <p>If you're not sure whether to apply for a Maintenance Grant or a Special Support Grant, contact us for advice or talk to the student advisor at your university or college.</p>

Bursaries and scholarships

What is it for?	A bursary or scholarship provides extra financial help with living costs. Bursaries and scholarships are paid by your university or college.
How much can I get?	<p>This normally depends on your university or college and your household income. If you receive the full Maintenance Grant or Special Support Grant and are being charged the full tuition fee, you could get at least £338 but could get much more. Many universities and colleges will also give you a bursary if you're eligible for some of the Maintenance Grant or Special Support Grant, and some give a bursary to everyone, regardless of their household income.</p> <p>Check what is on offer at your preferred place of study or use the Student Finance Calculator on our website to help you find out what you could get.</p>
Do I have to pay it back?	No.
Anything else?	<p>Your bursary may be paid 100% in cash, or a combination of cash and a discounted service (for example, discounted accommodation or entrance to sports facilities).</p> <p>Some universities and colleges award bursaries that are not based on household income (for example, to students who live locally or are studying a particular subject). Some also give academic scholarships.</p> <p>Check with your university or college to find out how to apply.</p>
